The CALLA dress embodies effortless elegance with its fluid, minimalist silhouette. Crafted in a lustrous satin finish, this gown drapes beautifully across the body, highlighting natural curves with a soft, liquid-like sheen. The cowl neckline adds a touch of modern sensuality, balanced by delicate spaghetti straps that frame the shoulders with grace.

# ROM

The ROMY gown is sleek sophistication redefined. Designed in a fluid satin finish, it features a chic high neckline with a soft drape that elongates the silhouette and adds an air of modern refinement. The halter-inspired cut beautifully frames the shoulders and back, creating a balance of elegance and allure.

JASMINE

The JASMINE gown is the essence of modern elegance with a touch of daring asymmetry. Cut from lustrous satin, its one-shoulder neckline creates a striking silhouette that feels both contemporary and timeless. The delicate single strap adds a refined detail, while the clean lines highlight the sculptural beauty of the gown.

# IRIS

The IRIS gown is a vision of sculpted elegance, blending classic draping with modern allure. Designed in a luminous satin, it features a one-shoulder neckline that flows into artful gathers across the bodice, creating a statuesque silhouette.

A defined waist and asymmetric draping cascade into a floor-length skirt, complete with a daring thighhigh slit for a touch of drama and movement.

# ZARIA

The ZARIA gown is the embodiment of relaxed sophistication. Crafted from fluid satin, it features a wrapstyle bodice with a deep V neckline that flatters while offering comfort and ease. The wide, kimonoinspired sleeves bring a sense of effortless elegance, adding volume and soft structure to the silhouette.
